Southwest NH has greatly benefited from the federal Community Development Block Grant (CDBG) program. *At our annual meeting we will celebrate what CDBG has meant to the region for the past 30+ years.*

Our keynote speaker is Taylor Caswell, executive director of the NH Community Development Finance Authority (CDFA) whose mission is to maximize the value and impact of public and private investments in the State's communities, including economic development, downtown revitalization, and clean energy development projects.

Taylor's career spans over 20 years in both the public and private sectors. His experience includes a federal appointment as Administrator for the U.S. Department of Housing and Urban Development's New England region and over a decade in Washington including time as senior Congressional staff. In 2013, he founded the NH CleanTech Council, an organization to promote the cleantech economy sector in the state.
